Michael Jackson

Michael Jackson **was born** on august 19th 1958, he **lived** the first years of his life in Indiana United States. He **had** several healthy and very young brothers with whom he **participated** in The Jackson 5 when he was only six years old, in the group he **didn't sing** alone, even so he **was** happy.

He was a fun artist of the eighties and nineties; he was young when he **started** sing for the Jackson five. **The Jackson five were a first close** of music in him life he was a good singer and dancer, given that learned many brothers, **they were friendly** and affectionate with him. He was young when won some prizes, some discographies. He **nonmined** for Nobel prize **but he didn't get anything**. He was a best donor in foundations for orphaned children he was recognized for that, and he revolutionized music industry by him music and him collaborations for some artist famous of the century.

He **died** on June 25, 2009, of propofol poisoning at his home in North Carolwood. In the last years of his life, **he didn't** leave his house because of the problems he suffered, he **was** in a device called the hyperbaric chamber that allowed the singer to breathe 100 percent pure oxygen. We chose him not only because he was famous, but we also chose him because he **revolutionized** the music world and the world with the way he wrote his music, he will never be forgotten for his musical and commercial contributions.
